Evening Primrose Oil

**1000 mg
(OMEGA 6)**

**Essential fatty acids
for your body needs**

EVENING PRIMROSE OIL (EPO) is a source of linoleic and gamma-linolenic acid (GLA) which are essential fatty acids (EFA) of the omega-6 series that act as prostaglandin precursors. It is thought to help relieve the symptoms of rheumatoid arthritis, eczema, dry or inflamed skin and other inflammatory conditions.

EVENING PRIMROSE OIL (EPO) is 'n bron van linoleiensuur en gamolenic suur (GLS) wat noodsaaklike vetsure van die omega-6 reeks is en wat as prostaglandien voorlopers optree. Dit kan simptome van rumatoiede artritis, ekseem, 'n droe of ontsteekte vel en ander inflammatoriese toestande help verlig.
